

## HOW TO MAKE A WILD CREATURE MASK OR HAT

### MATERIALS

- paper strip template (in your kit)
- feathers, collage paper, string (in your kit)
- foam (in your kit)
- paint or ink for stamping
- Sticky tape
- stapler
- glue stick
- scissors

### INSTRUCTIONS

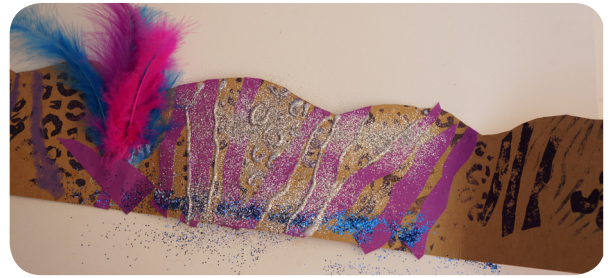

1. Decide if you are making a wild mask or a wild hat.

For the mask: trace the template here onto the end of your paper strip and use scissors to cut out.

For the hat: you might want to cut a wavy edge, some fins, sharp teeth or other wild features into the hat strip.

2. Create your own wild pattern stamp by cutting patterns or animal shapes from the thin foam and pasting them onto the thick foam base as shown. Allow glue to dry, then use your stamp to add patterns to the hat or mask.

3. Add your collage materials- feathers, colour, patterned paper and more to decorate the mask/hat all over.

4. Staple the hat into a ring to fit your head. Add string to the mask to tie around your head.

**You're all dressed up for a wild adventure!**
